“A” Preliminary

The following new miscellaneous item has been reviewed by staff members of the Commission and we recommend accepting it for filing.

1. Communications Corporation of Indiana d/b/a TDS Telecom

The utility is planning to offer a new bundle of services called the Total Talk Pack in its Wickliffe exchange. The Total Talk Pack permits a customer to receive services and features for a flat monthly rate. The rate for the Wickliffe exchange is: \$26.05.

The Total Talk Pack includes the following services and features:

- Residential One-Party Line
- Touch Tone
- 3-Way Calling & Call Waiting
- Caller ID-Name, Anonymous Call Rejection, & Priority Ringing
- Caller ID-Basic *
- Inside Wire Protection Plan *

* The rate and charges for these services have been deregulated.

Services included in the bundle may also be purchased separately. However, to subscribe to Caller ID-Name, Caller ID-Basic is required. The rates and charges for Caller ID-Basic are deregulated by statute but they are not for Caller ID-Name.

To be eligible for the package rates, customers must also subscribe to TDS Long Distance's Total Talk Pack. TDS Long Distance Company is a Toll Reseller and is not regulated by this Commission.

Caller ID-Basic and the Inside Wire Protection Plan are being discounted for the Total Talk Pack.

The utility has previously made these changes in their other exchanges. This exchange was accidentally omitted at that time.

The utility projects this offering will result in \$1876 in additional revenue on an annual basis. The rates for the individual services have already been established in another case, so no cost support was supplied.

The following tariff sheets are affected by this filing:

IURC. No. 1, Section 4, Sheets 7 & 7.1.
